FULL STACK WEB DEVELOPER

I am a Computer Science graduate with a passion for leveraging new technologies like AI to create innovative and user-friendly products. I thrive on researching and implementing creative solutions to complex problems, always paying close attention to detail to deliver the best possible results. Dedicated to continuous learning, I am always eager to expand my skill set and take on new challenges.

EXPERIENCE

Company - Tunis, Manzah

January 2024 - June 2024

intern

- Host Dashboard: Enabled hosts to add and manage their accommodations, including availability and pricing.
- Admin Dashboard: Allowed admins to approve listings, manage reservations, and oversee financial transactions for hosts.
- Client Dashboard: Provided clients with the ability to browse accommodations, make reservations, and process online payments securely.

Iset Beja

September 2023 --January 2024

integration Project

- Collaboration with Winshot to create a custom e-commerce quiz, enhancing skills in instructional design and interactive content using Angular, Spring, and MySQL Workbench

Company - Tunis, Charguia 2
